

1. (a) Write your name and your NYU NetID (i.e. your NYU email). Shrey Kharbanda, sk10101
- (b) What is your major or intended major? Computer Science
- (c) What was your most recent math course before this one and when did you take it? MAUY 2224

2. (a) Why are you taking this course? I love math.
(b) What do you hope to learn or to gain from this course? Discrete math skills.
(c) How did the first week of our course go for you? (Hard or easy, fast or slow, etc.) Pretty chill.

3. Write out the following statement. Include your name and signature where indicated.

I, Shrey Kharbanda, have carefully read the syllabus, as briefly reviewed in our first class meeting, and I understand the structure of the course as stated in the syllabus, including the homework and exam structure. If and when I have a question about the course structure, I will read the syllabus prior to asking the professor a question.

Shrey Kharbanda
